0 of 0 people found the following review helpful. Not much newBy J.C.Really...if you are like me...I've heard and/or played many of the games spelled out in this book. Very few that peaked my interest and many more that were just beyond dorky. Overall just disappointing to read. I would recommend just a random google search to find some of where more interesting games out there...but be prepared to do some digging...there is plenty of equally dorky/boring games online.

From boring car journeys to boozy dinner parties to Friday afternoons in the office, *Games for Bored Adults* is packed full of hilarious gaming inspiration to liven up any dull situation. Why not play Human Buckaroo with a sleeping stranger (points for each item you place gently on the sleeper without waking them), take on the After Eight challenge (sliding the mint down your face into your mouth no hands), or laugh in the face of pulled muscles in the ultimate "Cereal Killer" game? Challenge your friends, indulge your competitive streak and prove yourself the undisputed victor in a whole range of funny and imaginative games for every occasion.
