Super Fun, Quick, and (relatively) Easy Puzzles By KB33A good variety of puzzles that can be done rapid-fire like a game show while sitting around the campfire or in a car on a road trip. I have taken this book and Will Shortz's Puzzlemasters and Mind Games on several adult camping/backpacking/rafting/hiking trips and they are always crowd pleasers!!!! Although it's about 8 1/2 x 11 size, it's relatively thin and light so it's not difficult to stuff this book in your pack. 1 of 1 people found the following review helpful. Great fun! By NorCal Cat I've had this book for years and, since I love doing word puzzles, have enjoyed it tremendously. Instead of marking up the book, I simply made photocopies and worked those, some multiple times. The puzzles are challenging, but not to the point of total frustration, and the variety means never getting bored. (I just wish the author would create more like these instead of concentrating so much on Sudoku, which I find boring.) So

why did I order another one? As a gift for my sister whom, I know, will enjoy it just as much as I have.0 of 0 people found the following review helpful. Test your IQ.By J.C.Some puzzles are complicated, others not. There is for all kinds of people.
