Garry Kasparov : Garry Kasparov on Garry Kasparov, Part 2: 1985-1993 (Everyman Chess) before purchasing it in order to gage whether or not it would be worth my time, and all praised Garry Kasparov on Garry Kasparov, Part 2: 1985-1993 (Everyman Chess):

9 of 9 people found the following review helpful. Usual great book from KasparovBy book fanI've reviewed other Kasparov books, from the "My Great Predecessors" series, and others. This book is more of the same, which is to say, sensational. One new item I find in this particular volume is the large amount of self-criticism. Not just his moves, but

his prior analysis! Gary is not shy at all in trashing his own previous writings in Informants and other sources, which makes for interesting analysis. One thing in this volume is just a tad disappointing. His side stories between the games/analysis aren't quite as interesting as the prior books, but I guess those prior books were such an entertaining level of interest for me, it was too lofty a goal to continually meet. The book gets 4.99999 stars from me. If he keeps writing 'em, I'll keep buying 'em.0 of 0 people found the following review helpful. This is a great book. I think these games teach us more ...By MAYANKINGThis is a great book. I think these games teach us more on how to play chess as Kasparov has matured to an all around great player. It is amazing to see how he handles all the upcoming players and still comes up untop. There is so much chess knowledge to gain from these games, It inspires you to play chess better. A lot of deep chess knowledge to learn. I am a USCF Expert.0 of 0 people found the following review helpful. this serie of kasparov, shows some games, that ...By Celestino C. Juniorthis serie of kasparov , shows some games, that didn't are in my predecessors, actually they are a continuation, and is the same format of my predecessors, but kasparov's games
