**Mark Anderton, Sherry Mullen : Gas Station Collectibles (Wallace-Homestead Price Guide)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gas Station Collectibles (Wallace-Homestead Price Guide):

0 of 0 people found the following review helpful. NOT BAD READING, BUT DATEDBy ROBERT HANSONLOTS OF INFORMATION, NOT BAD READING, BUT DATED.0 of 0 people found the following review helpful. Three StarsBy Wayne M.Good price guide book.2 of 2 people found the following review helpful. Oil Gas MemorabiliaBy Virginia AllainFascinating browsing for anyone interested in gas station history. The book contains photos and descriptions of oil cans, car care products, all kinds of signs, and advertising items (like clocks, thermometers, arm patches, maps, pins, ashtrays, calendars, banks, toys).It gives the prices for things, but recognize that these are 1994 prices. It will give the collector some idea of what gas station items are out there. I'd suggest then checking Ebay to see more current prices on the things.

This is a complete guide to recapturing the memories of gas station giveaways and promotions, and obtaining valuable collecting information. Illustrated with photographs, this book covers gas station collectibles with details on oil cans, petrol pumps, car care products, signs, sales and service items, premiums and souvenirs. Every item is pictured and priced at its current value with captions including dimensions, dates, descriptions and the condition of the items and a history of the oil industry. The book also includes an appendix at the end of the book which will serve as a valuable

resource guide for collectors.
