Doug Walsh : Gears of War 2: Last Stand Edition Strategy Guide (Bradygames Signature Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gears of War 2: Last Stand Edition Strategy Guide (Bradygames Signature Guides):

If you can find a new sealed copy at a reasonable price I would highly recommend.1 of 1 people found the following review helpful. Very Good But Falls ShortBy LilDeadBoyComparing This Gears of War 2 Last Stand Limited Edtion SG from Bradygames to the Original Limited Edition for Gears of War 1 SG, it falls quite short.The big selling point was the beautifully done cover and the fact it's hardcover itself. But, the lack of extras do make me scratch my head a little. The original GoW1 SG had another book filled with concept arts, facts about the game, pre development notes whilst this... well it has art,

an excerpt from the comic book GoW, and a foldout poster...Can you see where I'm going?Now for the strategy guide itself, It is well detailed and well, it IS Bradygames and I highly boast about Bradygames' SG's. They're described well and add more flavor than a normal bland Walkthrough online, along with nicely placed in game pics and overall nicely done layout. It as a Strategy Guide is very well done. Giving tips for Horde Mode, to the new in game changes, to weaponry and enemy stats. As well as giving locations to collectibles!For the price it's pretty good. If your a collector I'd definitely say purchase this item, it makes a very welcome addition to any Gears Head's collection but as an S.G. just buy the normal one. It'll probably go for cheaper.Definite 4 out of 5, only missing one star due to the lack of MANY extras, falling short to the original.0 of 0 people found the following review helpful. Gears of War 2: Last Stand Edition Strategy GuideBy DocThis strategy guide is amazing. Beautiful art work, concept art, as well as inside thoughts from Epic. Strategies for all avenues of approach for taking down the Locust and Lambent. Even on the hardest difficulty. I highly recommend this for any Gears Of War fan.
