Chronicle Books : Genius Deck Logic Puzzles (Genius Decks) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Genius Deck Logic Puzzles (Genius Decks):

0 of 0 people found the following review helpful. I like it! By Bharat Ravisekar The puzzle comes in the form of deck of cards. About 3/4 of the cards are puzzles while the rest are answers. The deck of cards are of very good quality and conveniently sized to be carried around in your pocket. The puzzles themselves are quite interesting - mostly logical or mathematical. They are not overtly tough (though some are), and most can be solved without the need for a paper and pencil. This makes it ideal to be carried around in buses and trains. Overall it is very nice. I would recommend it to

you if you just like pondering over puzzles while traveling. It is a good gift idea too.
