0 of 0 people found the following review helpful. Not worth the money. By ardbob The information is very limited and the only ways explained is the front and back line betting, nothing new if you ever played craps before.

A Las Vegas craps dealer with thousands of hours of live game experience wrote this how to play casino craps book. Everything needed to become an expert player is in this book that contains all rules, odds, and house advantage

percentages. Along with detailed instructions about popular betting strategies, Get Dicey explains little-known game options that boost player advantage plus tips on what to ask the casino staff and a complete glossary of terms and jargon.
