William Bruce : Get On Board Flower Children before purchasing it in order to gage whether or not it would be worth my time, and all praised Get On Board Flower Children:

An in-depth study of the religious references and symbolism contained in 20th century protest music. Included are chapters on The Role of Religion in Musical Dissent, The Role of Music in Social Dissent, The Role of Religion in Protest Music, Christian References in the Protest Music of the 1960's, Buddhist References in the Protest Music of the 1960's, The Age of the Rock Musical and more. Original interviews with artists of the period, an expanded original look at The Beatles and Buddhism and complete bibliography and discography are included.
