Giambattista Valli, Lee Radziwill, John Galliano, Pamela Golbin : Giambattista Valli before purchasing it in order to gauge whether or not it would be worth my time, and all praised Giambattista Valli:

5 of 5 people found the following review helpful. Gorgeous! By Jaime Rydman Wow! First let me say....not only is this one of the most beautiful fashion books I own, but it's HUGE and light! The paper on which it is printed as well as the binding is the lightest, sort of linen feeling paper I have ever seen. So many of Giambattista Valli's collections are represented, pictures are large and so many close-ups of the finest details! This book screams "Feminine"! From the pictures on the pages to the creation of the book, the word that comes to mind is Soft. For any of you fashion lovers out there, this is an absolute must for your coffee table book library! LOVE! 1 of 1 people found the following review helpful. A mesmerizing talent, Giambattista Valli! By dorothy hehl torem This gorgeous book on Giambattista Valli is the ultimate coffee table stand out! Perhaps, not a household name it is impossible to deny his talent and rare ingenuity after looking at page after page of outstanding beauty. 1 of 1 people found the following review helpful. Beautiful! By boris I didn't expect it to be that big, but it's so lovely and beautiful that I barely let anyone touch it.

Perfect for fans of Giambattista Valli and lovely fashion coffee table books.

A unique insight into one of the most creative and romantic fashion designers working today. When the Roman designer Giambattista Valli launched his own line in Paris in 2005, few would have anticipated the influence he would ultimately wield on contemporary design. Lauded as the heir to the giants of twentieth-century Italian fashion, Valli and his designs herald a return to romance and an elegant femininity, melding a sense of fantasy with lean, modern lines. Impeccably tailored, meticulously detailed, and luxuriously crafted, his collections are crucial passages in contemporary fashion history, attended by everyone from royalty to A-list Hollywood celebrities. This book offers a behind-the-scenes glimpse into the world of one of the most unique fashion designers working today, with images of his design process and backstage views of runway shows. The volume includes booklets with details of Valli's lushly complex fabrics and clothing.

celebrates the designers multidimensional creations through sketches, exclusive backstage photographs and musings from A-list Valli girls ~Harpers Bazaar His first book is a richly illustrated look at both his creative process and the intricacy of his craft. ~Wall Street Journal The first and most obvious feature of this book is its grand scale. This is most definitely not a book with which to curl up in bed with to get lulled off to sleep. No, this is an epic chronicle of a designer whose youth contradicts the formidable size of this paean to his talents. For this seasoned reader, the most telling of the segments were written by Franca Sozzani and Candy Pratts Price as these describe him in the most glowingly adoring tones...this is a coffee table book that ranks up there with the best of them and is surely a volume that is not overly encumbered by prose and explanations; Giambattista Valli is a book of fashion which speaks to those of us who embrace fashion in its many incarnations. ~New York Journal of Books This stunning volume offers a behind-the-scenes glimpse into Valli's world ~Front Desk New York This Roman-born designer opens up his backstage and his sketchbook, exposing us to his raw creative journey. ~Society Diaries A big but surprisingly light tome the opportunity of seeing the handwork close up..gives a genuine insight into the fashion story. ~International Herald Tribune His first book brilliantly captures the complex essence of his ethereal materialism. Valli's first volume is infused with depth, grace and soul often forgotten in a world that fetishes the new. It is ideal for those who believe design and fashion are still time-honored traditions that capture the human spirit. ~Identity Magazine Rizzoli's new monograph on the Roman fashion force, which includes artistic images that inspire him. ~W Magazine About the Author Giambattista Valli is a designer with his own label as well as the head designer for the luxury outerwear firm Moncler. Francesco Clemente is an Italian artist based in New York. Lee Radziwill is a public-relations executive, and former actress and interior decorator. Natasha Fraser-Cavassoni is a journalist based in Paris. Pamela Golbin is the curator in chief at the Muse de la Mode et du Textile of the Louvre in Paris.
