Liz Smith : Glamour Girls before purchasing it in order to gage whether or not it would be worth my time, and all praised Glamour Girls:

12 of 15 people found the following review helpful. Glamour GirlsBy Robin Ann WalkerI was not impressed with this book. I thought it'd be a mixture of glamour ranging from - at the very least - 1940's to the present. The 'so-called' glamorous women of today clearly don't measure up to the glamorous women of yesterday...not by a long shot. Perhaps that's precisely why women of the 60's back weren't featured. I wondered just how much more I could stand, looking at these skinny shapeless women, in large part, that made me take a look at some of my older movie, glamour

books that far surpassed what this book had to offer. Happily, I won this book on eBay paid a mere \$9.99...as opposed to the original Neiman Marcus price of \$75...and even 's reduced price of \$40 something. So...for the price I snagged this, I'm not so disappointed. NOT worth \$75. Worth \$9.99, but I could have lived without it. If you're a big fan of the younger celebrities who [supposedly] represent 'glamour' these days, you'll love this book. In my opinion, the women of today should take note lessons from the lovely women who epitomized the definition of 'glamour' years ago.0 of 0 people found the following review helpful. One StarBy GerbearBoring

If you dont know Patrick McMullan, you ought to get out more! Andy Warhol Celebrated photographer Patrick McMullan captures everything from the sophisticated galas of New York society to the flirty parties of young Hollywood stars.
