As I read on I notice she intertwine people that inspire her with her message and awesome tattoos and their meaning. Over all that was really cool. When I read books by celebrities it's mostly just their story and the authors main message but her she added cool extras. Also the small writing were fun to read. This entire book is meant to keep your eyes interested in it and she succeeded at that.Over all cool book!0 of 0 people found the following review helpful. A visual, emotional and creative feastBy Lauri LumbyI heart everything Kat Von D! Her books, including Go Big or Go Home are a visual, emotional and creative feast. I turn to these books when I need creative inspiration, when I need to be reminded I am not alone on the human journey and when I just need a hug. Her honesty

and transparency remind all of us that the path to self-actualization and creative fulfillment takes courage and the willingness to be vulnerable and real. Thank you Kat for continuing to inspire!
