Every grandmother should have bought one 30 years ago. A great book for a beginner too as he fully explains the WHY we do it. Detailed section on play as well. The all around #1 Bridge book...that is why it is the Bridge players Bible. A must for every library.1 of 1

The bidding portion is dated, but the play of the hand, percentages, etc. are as relevant today as they have ever been. The material is well stated and presented. Goren's insights are spectacular. I think this book is a treasure--well worth the read. Now I'd I could remember it all---
