Eric Felisbret : Graffiti New York before purchasing it in order to gage whether or not it would be worth my time, and all praised Graffiti New York:

By MichMy life in NYC
12 of 13 people found the following review helpful. best NYC graff book hands down
By N. Bowers
When I saw this book I was kind of hesitant since I have been on a long and somewhat unsuccessful look for a New York graffiti book, but I decided to hope for the best and order this book. Once I received the book I was not disappointed. This book is pretty complete, covering the subways from the early 70s all the way through modern graffiti. What I liked best about this book is that it didn't simply focus on bombing or piecing, it showed both styles of graffiti and explained the origins of each. If you want a good graff book then buy this book, you'll be happy that you did.
1 of 2 people found the following review helpful. Great gift
By GI'm from NYC and grew up with graffiti all my life. This book does an EXCELLENT job capturing the timeline, the expression, the artists, and the stages of the art. Great gift for anyone who loves graffiti and/or the history of NYC.

Decades after the movement globalized, New York is still the mecca of graffiti culture. Painting there is a badge of honor, with graffiti artists from around the globe making pilgrimages to New York for that purpose. This is the city where it all began, yet few know the back story.

About the Author Former graffiti artist Eric DEAL CIA Felisbret has spent over 30 years documenting New York City graffiti. Luke SPAR ONE Felisbret is a graffiti artist and historian whose work has been widely exhibited. Together they launched www.at149st.com, a documentation of New York City graffiti culture and history. James Prigoff is coauthor of the classic *Spraycan Art*. He lives in Sacramento, California.
