Mihail Marin : Grandmaster Repertoire 5: The English Opening before purchasing it in order to gauge whether or not it would be worth my time, and all praised Grandmaster Repertoire 5: The English Opening:

2 of 2 people found the following review helpful. Mihail Marin Again By Markji Please refer to my review of Grandmaster Repertoire 4: The English Opening vol. 2. This, the last (to date) of his treatment of The English is a bit deeper. Nevertheless, if you are intent on embracing this opening, it should be in your library. 3 of 3 people found the following review helpful. A typical quality chess book By anonymous Well written and would encourage you to take all three volumes if you can because he will often refer you to the other volumes in order to fully cover the English

opening. This volume is the most commonly played at least at my level. 0 of 0 people found the following review helpful. Five Stars
By William Scott
The canonical reference on the symmetrical english.

Chess Grandmaster Mihail Marin offers a complete White repertoire with 1.c4, the English Opening, in three volumes. The theory is state-of-the-art with many novelties suggested, but most useful of all are Marins lucid explanations of how to play the resulting positions. Volume Three covers all lines after 1.c4 c5.

Beautifully written and inspirational... Marins deep experience and passion for the English Opening is clear throughout the book. GM Luke McShane, New in Chess
As always in Marins books, youll find lots of prose, a clear sense that the man loves to teach, and a ton of original analysis. Dennis Monokroussos, The Chess Mind
