True, the print is large enough to read the puzzles are fairly short - however, they contain a fair amount of words not in common usage for American-English. I do alot of crosswords, but some of these have me unusually stumped. The clues are also fairly inscrutable, as well. The puzzles aren't impossible to do - more like awkward due to the mix of very uncommon words with overly simplified clues.The book is not suiable to my needs.0 of 0 people found the following review helpful. ...By kitkatI gave this to my dad, my kids grandpa, today for Christmas. His eyes and hearing aren't what they use to be, and I saw that he noticed the big print when he opened the book and smiled. So I commented, "The book has large print, I thought it would be easier for you to see than your newspaper crosswords." He smiled again and said, "I saw that." I am very happy with the font size and the layout of this book.0 of 0 people found the following review helpful.
