**John Burnson : Graphical Player 2011** before purchasing it in order to gage whether or not it would be worth my time, and all praised Graphical Player 2011:

Graphical Player includes one-of-a-kind dashboards for over 1,000 ballplayers from both the majors and minors, chosen expressly for their fantasy worth. Graphical Player is now bigger and better than ever. Key features include: Projected and historical dollar values for single and mixed Roto leagues, as well as tallies for point-based leagues Support for a variety of fantasy categories, including Caught Stealing, Complete Games, Blown Saves, Holds, Quality Starts, more A unique mini-browser showing five players with similar projections at the same position Profiles of more than 100 top prospects, with independent rankings from three experts Full player stats by team for 2010Four years of career stats for each player, including splits for Home/Road and RH/LH Minor-league stats down to Single-A

for each player for 2010 Speculative rosters for every MLB team for 2011, 2012, and 2013 On Draft Day, the clock doesn't stop while you pore over names. Keep your head in the game, not in your notes. For an informed decision in a flash, grab the Graphical Player.
