I like this book. The book really teaches you a lot about ancient history and the Greek gods. I found the book so interesting and full of great details. I love a good book about history. This was a great deal for me. An excellent book on the Ancient Greece mythology. It is for those who want to know not only the names of gods and goddesses, but their character and appearance, family relationships and love affairs, as well as spheres of influence on the lives of ordinary people. The book is all described in detail, it is easy to understand. I recommend this book to you, because it's really interesting.

I will soon travel to Greece so I grabbed this book. My favourite part was written about Poseidon who was the god of freshwater and the sea in ancient Greek mythology. Because he is exactly the same like the father of Ariel from the Disney movie! I was surprised when I looked first the picture about Poseidon in this book. He is exactly like in the Disney film. This book include so nice pictures and the history is so interesting.

Very informing book! Greek mythology is indeed one of the richest and amazing mythologies in time. The stories are just great that if you are in doubt with how the world was formed and all, you can really believe that it happened eons ago. And one of the prominent characters in the Greek mythology are the Greek gods who are responsible for almost everything that happened in the earth. Really worth reading!
