C. J. S. Purdy : Guide to Good Chess (C.J.S. Purdy Gold Chess Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Guide to Good Chess (C.J.S. Purdy Gold Chess Series):

1 of 1 people found the following review helpful. Five StarsBy Omar ReyesIf you want to accelerate your learning...this is one of the "must haves".13 of 13 people found the following review helpful. Should be every player's first chess bookBy Troy EdwardsThere are many "all in one books" that are designed to be a person's first chess book, or only chess book. The Complete Idiot's Guide does a good job, but Purdy's "Guide to Good Chess" is by far the best out there. He is an excellent writer, that can take complex chess concepts, and make them understandable.All

essentials skills are covered, and he does a great job in pointing you in the right direction to further your skills if you are looking to get serious about chess. For a casual player who is looking to improve their game, or for someone who thinks they might want to study chess, this is clearly the book you should pick up. PS I am very stingy with the 5 stars, but this book truly deserves them. 1 of 1 people found the following review helpful. Five Stars By PapJimBob Very good beginners' chess book. Highly recommended starter.
