Julia Chaplin : Gypset Travel (Icons) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gypset Travel (Icons):

6 of 6 people found the following review helpful. Even better than the first book...By miss etherI'm a free spirit, I got my passport when I was given two days notice to come on a vacation to the bahamas. However, I also love luxury and design. This book showcases the lives of affluent free spirits who know how to do travel, luxury, and design as if it's their job and if they had to work, it would be (and for a few is).The photography is a beautiful mix of vintage photos of The Stones and new photos of current day wanderlusters. It pretty much is what it say it is.2 of 2 people found the following review helpful. A Book To Daydream WithBy S. G. LakeThis is a beautiful book and the photography is

vivid and gorgeous. It makes for great escapism, to see how other people live and how they've reimagined life. I have a feeling that not too many of us who have purchased this book can live this sort of lifestyle, but it's fun to dream. It's amazing how far the concept of Gypset has come in a few short years. Your personal Utopia will be how you make it. ;)

7 of 7 people found the following review helpful. Boho Style By Kerstin John I LOVE this book. It is full of fun pictures and inspiring places to travel. Makes a wonderful coffee table book.

Following her best-selling 2009 Assouline title, *Gypset Style*, travel writer Julia Chaplin explores the little-known enclaves of gypsy jet-setters around the world. From the Aeolian Islands in Italy to Lamu, Kenya; North Goa, India; and Jose Ignacio, Uruguay *Gypset Travel* delves into the glamorous yet casual lifestyle of these bohemian wanderers through intimate photography and first-person anecdotes.
