The book it self is amazing but the packing continues to be really poor ...By Roberto Di CuiaThe book it self is amazing but the packing continues to be really poor I can't believe it

Influential and inspirational to professional hairstylists and kids on the streets alike, this is Guidos visionary view of hair in the new millennium. "As the constantly-called-upon pro for designers like Calvin Klein, Alexander Wang, and Marc Jacobs, Guido is known for setting trends with a flick of his brush." The New York Times T Magazine In the world of beauty, style, and fashion, Guido is much more than a stylist. Revered by his peers and followers as the leader of hair design, Guido is an artist in his own right. On the runway, his hair creations generate such buzz that his

styles often turn into that seasons look. His avant-garde creations have led him to work with the worlds most important designers, photographers, magazines, and brands, and his styles have turned into fashion focal points equal to that of the designer dress being worn. With seventy unique looks created especially for the book, Hair is a captivating visual tour of inspired creative styling and a testament that beauty lies in the details. Designed by the celebrated art director Abbott Miller and specially photographed by Guidos long-time collaborator, the renowned fashion photographer David Sims, this monograph is a hair bible that will be coveted by the fashionable and stylish.

This isnt by any means a how-to. Rather, its a chance to marvel at the talent of an artist Dujour[One of] the most beautiful fashion books...Celebrity hairstylist Guido Palau's first monograph is series of outlandish, architectural 'dos that turn some of today's most famous fashion models into unrecognizable alien creatures, as seen through the lens of photographer David Sims. OUT Magazine In its pages, Guido, with his longtime collaborator, the photographer David Sims, has assembled a collection of otherworldly creatures drawn from his imagination. -Vogue A Must have" Paper Guidos ability to adapt to any demand that is put on him has not only landed him almost every major backstage gig, ad campaign, and cover shoot in the known fashion universe, it has also helped elevate his craft to an art form. For proof of that, look no farther than Hair,a new book with a title so deliberately neutral that its contents seem even more galvanic by comparison. This isnt hair as we know it. Just look at the pictures. Theyre not about the conventional pursuit of beauty. Guido has transformed the styling of hair into a running commentary on society. Style.com Guido Palau is at once artist, designer, stylist, inventor, and iconoclast. Anyone who might refer to him as a hairstylist would be grossly understating this mans range of creative ability. Hair: Guido is as much educational and informational as it is artistic in its minimal and modernistic presentation. Photographer David Sims captures the artistry of this creative wunderkind in an almost disturbingly and otherworldly simple fashionThe bottom line here is that the book comes off as a very successful exploration into an exceptional body of work that belongs to a rather brilliant hair stylistthe book is quite a treasure for those who wish to explore all areas of the fashion world. New York Journal of Books.The first-name-only coiffure wizard responsible for the directional runway looks at upward of 30 shows per season gets a retrospective on his varied career.Elle"Hair: Guidocollects his otherworldly creations, shown in photographs by Tim Blanks Surface MagazineFrom basket-weave braids to gravity-defying coiffures, Guido Palau has captivated the fashion world with his enchanting dos. A sculptor of cheveux, hes transformed models with reptilian horns, tight Elizabethan pin curls, and Grace Coddingtons signature frizz. Now, in Hair, the illustrious hairstylist has re-created some of his most memorable looksminus the fashionfor a collection of stark, otherworldly portraits by photographer David Sims. Architectural DigestAbout the AuthorGuido Palaus creations appear regularly in the pages of Italian, French, British, and American Vogue, Love, V, and W magazines. He is one of the worlds most innovative and respected stylists working today. David Sims has photographed for W magazine, The Face, Arena, i-D, Vogue, and Dazed Confused. Andrew Bolton is a curator at the Metropolitan Museum of Arts Costume Institute in New York. Tim Blanks is a respected fashion journalist for Style.com.
