Microsoft : Halo: The Poster Collection (Insights Poster Collections) before purchasing it in order to gage whether or not it would be worth my time, and all praised Halo: The Poster Collection (Insights Poster Collections):

2 of 2 people found the following review helpful. Top Quality Prints with only two minor complaints.By Gage ThomasExcellent quality prints. Seriously. They all look so nice and if you're looking for a nice set of Halo posters then go no further.They are also printed on a nice, thick stock paper which makes them feel high quality.I absolutely recommend that you go and buy this right now if you're a Halo fan. That being said there are only two drawbacks that prevent me from giving this a 5 out of 5.First, the posters are printed back to back which is a problem if you really liked two designs that are printed on the same page you couldn't put them both up.Second problem, the poster that has the Master Chief Collection cover printed on it has a white bar at the edge where it was bound into the poster book

(because it was the first page). Those are my only two gripes with this otherwise top quality collection of Halo poster prints. If you are a Halo fan and are looking for some quality posters, look no further. 4 of 4 people found the following review helpful. Super fast delivery By Chris lamb Super fast delivery, but aside from that, this poster book is gorgeous! Nostalgia rises out of me as I flip through picking which game, movie and level these are from. A must for have for any collector or halo fan. 0 of 0 people found the following review helpful.
