Five StarsBy Alexander O'NeillAmazing art work!

A celebration of Jeremy Fish's love of storytelling, 'Happily Ever After' gathers paintings, drawings, screen prints, installations and murals from 2008 to 2014. Along the way, each example communicates Fish's ability to strike the

perfect balance between cute and creepy. Chubby animals and gruff-yet-adorable human characters entwine, forming skulls and threatening sigils from the back alleys of this beloved artist's imagination. Organised into sections by exhibition or project, this is the largest Jeremy Fish monograph ever.
