4 of 4 people found the following review helpful. She likes it!By Linda PagliucoMy mom, who is a great grandma now, is 91, and she so enjoys the puzzles n this book. She has age related memory problems, but can focus her attention on these crosswords and, (if she can find her glasses) finds them a challenge that she can meet. When she finishes this volume, I'll order another. Good value.4 of 4 people found the following review helpful. love it but what about grandpa?!By D. PowellI have been searching for something like this for years. It's large and doesn't strain the brain. For 40 crosswords the price is right! I just wish they made one for grandpas :-(4 of 4 people found the following review helpful. Not just for a grandmaBy E. ReyesEasy to use since the font was big enough without using my grandma glasses. The solution to the puzzle was right at the back of each page so it wasn't hard to check.
