Kurt Kalata : Hardcore Gaming 101 Digest Vol. 1: Strider and Bionic Commando before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hardcore Gaming 101 Digest Vol. 1: Strider and Bionic Commando:

2 of 2 people found the following review helpful. An excellent history lesson for two classic franchises By Jeremy Peoples An excellent history lesson for two classic franchises. The dynamic layouts are perfect for the e-book format, and the sharp screenshots pop off the screen. I've enjoyed the HG101 site for many years and these books are a fantastic compliment to it. They allow fans of certain franchises to have definitive archival reference tools, and allow you to take a trip down memory lane while learning at the same time. 2 of 2 people found the following review helpful.

Much detailed info good coverage of all the ports as well as similar type games. A welcome addition after the books Sega Arcade Classics, Castlevania Konami Shooters. No doubt the forthcoming books concerning Taito Sega Volume 2 will be just as excellent. 2 of 2 people found the following review helpful.
