Kurt Kalata : Hardcore Gaming 101 Digest Vol. 2: Taito Arcade Classics before purchasing it in order to gage whether or not it would be worth my time, and all praised Hardcore Gaming 101 Digest Vol. 2: Taito Arcade Classics:

0 of 0 people found the following review helpful. Pretty decent book for any retro video game fanBy TLI'm about halfway through the book so far, and I would definitely recommend this to any fan of retro video games. The writing is decent and there are lots of screenshots (which is always a plus). I tend to prefer books that focus on the design and art, so things like The Art of Atari by Tim Lapetino or any of the Bitmap Books series....but this Hardcore Gaming volume is a fine addition to the collection.5 of 5 people found the following review helpful. Good bookBy Manley PetersonAnother great video game digest full of interesting games. I have played some of them, but others I've never

heard of before. Awesome collection of articles.

Warning! A new HG101 book is approaching fast! The second HG101 digest focuses on over thirty titles from Taito's diverse library, featuring Darius and Elevator Action, but also covering the likes of Rastan, The Legend of Kage, The Ninja Warriors, The NewZealand Story, Metal Black and more! Also includes over one hundred instances of nudity in 8 and 16-bit video games, and capsule reviews of 80 Japanese Super Famicom games.
