Americas first fashion magazine, Harpers Bazaar has showcased the visions of legendary editors, photographers, and stylists and featured the works of noted writers since 1867. From its beginnings as a broadsheet aimed at the rising leisure class, the publication has since transformed into a magazine devoted to examining the lives of women through the lens of fashion. In celebration of the magazines 150th anniversary in 2017, Harpers Bazaar: 150 Years captures the greats who have shaped the magazine over these decades. Harpers Bazaar: 150 Years includes the most iconic pieces of work from the magazine's archive: more than 150 photographs and covers and 50 text excerpts, including articles,

poems, and works of fiction. Organized chronologically, the selections showcase the breadth of creativity and artistry that has been published in the pages of the magazine for more than a century and prove that Harpers Bazaar is more than just a fashion magazine.
