I had originally intended to buy only the journal but ended up purchasing the set because it was only a few dollars more. I'm happy I did. This is a quality set. I'm really surprised that the price is so low given the quality of the items. I posted a lot of pictures because the few above weren't very helpful to me.The set comes with a faux-leather journal, envelopes and stationery (which I probably won't use), a paperweight, and a wax seal with 2 sticks of wax (fun!!!) packaged in a heavy cardboard box with an argyle print interior. It is so awesome that I'm thinking about purchasing another set!12 of 12 people found the following review helpful. WAOW!! IN LOVE!!!By Melany BrexI just have to say that it's a great thing I purchased this simply bc I'm a HUGE Harry Potter fan and not bc of the pictures on bc I have to say, in person this set took my breath away! I am absolutely in love! The paper is made of quality paper, the journal is gorgeous leather and everything else is also made of quality stuff. The wax and seal are easy to use and make a gorgeous seal!! I am buying another set bc at this price to have something so amazing at such a great price is the best!!! The only negative thing I would say is that it only come with 20 envelopes and 20 sheets of paper. I would have liked if they would have at least doubled the paper. However like I said, at the price it's still an amazing deal and so wonderful to have something from the Harry Potter world!!! It's a must have for anyone who is a Harry Potter fan and definitely a have to own if you're a Gryffindor!!! :)3 of 3 people found the following review helpful. Gryffindor Stationery Set is WonderfulBy Kristi R.I

absolutely love my Gryffindor stationery set. It was one of my favorite Christmas gifts. It came with so many wonderful items, and I am hoping to use them for something special instead of everyday use (I know, I know). All of the items in this set are great quality. The wax sealer is so fancy, I cannot wait to put it to good use. The only problem I have with this product is that it wasn't available in Ravenclaw. That is usually my go-to house for Harry Potter items, but Gryffindor is my second option. I would like to add that including some stamps with this product could be something that makes it more enticing. I currently own the Harry Potter collection of forever stamps, so they will go wonderfully with my stationery when it comes to mailing things out.

Celebrate the artistry of the Harry Potter films with this Gryffindor themed stationery set, inspired by the colors and heraldry of Hogwarts bravest house. This deluxe collectible set includes a 192-page blank journal, a wax stamp and two wax sticks, letter-writing paper, envelopes, and a paperweight all of which feature the iconic Gryffindor crest. Showcasing vibrant graphics and concept art from the beloved films, this finely crafted stationery set invites fans to show their support for their favorite Hogwarts house.
