as I love LukaBy JuanBeing a great fan of the vocaloid series i first got the CV1 and loved it so much i just needed to get the other volume. finally after getting the money i was able to purchase this beauty and was just as please as the CV1, though the illustration for Miku had more variaty and more artis i still felt Luka did justice and was more than worth it. for any of you who are getting into the Vocaloid series, this is a good book to have as reference as much as entertainment.6 of 6 people found the following review helpful.
