Challenging enough but, not too many strange or unrecognizable clues. Wish there were another book of these!0 of 0 people found the following review helpful. Good portable puzzle book.By Susannah's WoodI like these puzzle books. They are challenging without being teeth-grinding, but not so easy as to bore. High quality paper, readable font. Some of the entries are very amusing.1 of 1 people found the following review helpful. Worthless PuzzlesBy JayleeThis is a sloppily thrown together group of puzzles. There are whole clues missing, misspellings, incomplete puzzles, and even random nonsensical words. I will not be buying from this company again.

On the road again? Or just feeling a little wanderlust? From *Winging It* to *Train Tracks*, every one of these 100 medium-difficulty crosswords has a travel-related theme. So they're all perfect for solving when you're away from home . . . even on a short commute!
