Grab a Mech and get to fighting... fast! Based on the free-to-play Mech FPS, HAWKEN, you will pilot a Mech with the goal of knocking out your opponent's Mech. In Hawken: Real-Time Card Game, your deck of cards contains primary and secondary weapons systems, thrusters, special abilities, and various other high-tech instruments of war. Draw cards and place them onto the table as fast as you can, but be careful or you might overheat! The action is in real-time, but a game round ends when a player snags the FIRE! button from the center of the table. Quick reflexes are helpful, but a quick mind will win every time!
