There is backstory/insight for his designs and various collections which are featured equally in this book. Dunay lovers will appreciate the history and creativity put forth. 5 of 5 people found the following review helpful. Magnificent Jewelry By Etienne Perret Henry Dunay has spent a lifetime creating some of the finest jewelry ever made by an American craftsman. This is a magnificent coffee table book with large pictures of his amazing jewelry. I bought the book used at a very fair price. It arrived in excellent condition and today rests on my coffee table except when I take it to bed with me to study his mastery. 2 of 2 people found the following review helpful. Beautiful Coffee Table book! By Janna H. Jernigan This book is Fabulous with all

sorts of pictures, and big and thick.... I put this book on my coffee table in a stack with others, so I can share the beauty of Henry Dunays Jewelry.

Henry Dunay: A Precious Life is both a lavish album of Dunays finest designs and a biography that tells the amazing story of his rise from an immigrant family to the heights of the jewelry world. A contemporary American jeweler, Henry Dunay single-handedly built a business to fit the luxurious mold of the great jewelry houses of all time: Faberge, Cartier, and Van Cleef Arpels. This is a world where superb craftsmen master arcane knowledge of precious and semi-precious stones; where jewelers compete for newly discovered gemstones; and where glamorous women vie to own one-of-a-kind pieces. This book includes a biographical essay by Penny Proddow and Marion Fasel, an essay on Dunays use of colored stones by mineralogist George Harlow, and an essay on Dunays society and celebrity clientele by journalist Jeryl Brunner.

About the Author Penny Proddow and Marion Fasel are contributing editors at InStyle magazine, where they write a regular jewelry column.
