Michael Lewis, Stephen Spignesi : Here, There, and Everywhere: The 100 Best Beatles Songs before purchasing it in order to gage whether or not it would be worth my time, and all praised Here, There, and Everywhere: The 100 Best Beatles Songs:

12 of 12 people found the following review helpful. 100 Best Beatles Songs By William Haas This book certainly gives the reader a comprehensive view of the authors' choices of the Beatles best music. Like every ratings list there are arguments to be made for placement and personal favorites that are missing. One thing that struck me in this book were the number and quality of songs by George Harrison. From Revolver to Let It Be many of the strongest songs are by George. The other point of interest in this book are the recording information, who played what instruments, how particular sounds were made and the inventiveness of George Martin and the boys. You can see the disintegration of the band by what was happening in the studio where many of the last recordings were by individual members as all were missing at one time or another. I would recommend this book to those interested in the history of the Beatles and the 60's. 2 of 2 people found the following review helpful. This is a good companion to the Rolling Stone's top-100

Beatles book By Red Robert Densely packed with inside info about each Beatle song it examines, including chord changes, lyrics explained, how many takes, who wrote what, supporting musicians, and internecine squabbles. The whole "top 100" thing is subjective and arbitrary, and the book feels a little disorganized because it's crammed with so many purported facts, but the index helps you stay on track. This is a good companion to the Rolling Stone's top-100 Beatles book. I enjoy having both books. 1 of 1 people found the following review helpful. Beatles fans will love this! By richt You will agree and disagree with some songs and rankings, But will love the writing and the music trivia that we Beatles freaks just can't get enough of. Highly recommended

Organized by ranking order from Number 1 to Number 100, this illustrated celebration of the best songs by the boys who revolutionized rock-and-roll includes expert commentary, historical context, interview material, and lots of great sidebars (including "best" lists from some of today's pop music powerhouses). The authors are pop culture experts and lifelong Beatles aficionados whose enlightening commentary sheds new light on the subject. The book is profusely illustrated with great photos of the band at work and play, and all of the memorable album cover art that has come to represent a generation. Appendices include a complete song list, discography, videography, and bibliography, making it a one-stop source of Beatles facts and figures.

HERE, THERE AND EVERYWHERE is an entertaining and provocative read, with just the right amount of trivia for Beatles nuts. -- Ear Candy Magazine About the Author Michael Lewis is the author/co-author of seven books including A Guy Walks into a Bar..., The Films of Harrison Ford, The Films of Tom Hanks, and The Cheapskate's Guide to Walt Disney World. He works as an editor, primarily of books on popular culture. He lives in New Jersey. His favorite Beatles song is "A Day in the Life."
