**Joe Dunn : Hfner Violin Beatle Bass 2nd Edition (Hardcover)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hfner Violin Beatle Bass 2nd Edition (Hardcover):

1 of 1 people found the following review helpful. The book has great pictures of the Hofner bassesBy B.J.R.This is a disappointing book. It's quite thin - not much there - and doesn't delve properly in the Hofner history. There's more to the company than Paul McCartney. The book has great pictures of the Hofner basses, is thin both physically and content-wise. There are other Hofner books out there offering more bang for the buck. Avoid this one at all costs.0 of 0 people found the following review helpful. A good read for the Hofner 500/1 enthusiastBy California MikeMr. Dunn's book is way short on content, but sheds some light on the mysticism that surrounds the history of dating Hofner 500/1s (Beatle Bass). It's valuable for the photos and as a resource in attempting to date these guitars.0 of 3

people found the following review helpful. great book, great price!By M. OlsenVery detailed and in a hardback as well. Bonus!!Thanks !!BRING OUR TROOPS HOME SAFE!!

Made famous by Sir Paul McCartney, the 500/1 Hofner Violin Bass is celebrating its 50th anniversary. This is the only book dedicated to this historic guitar. New edition features hardcover format, all color and updated with new McCartney photos and letter from the founder.
