Dr. Gyora Benedek : Hidato Challenge: 200 Pure Logic Puzzles before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hidato Challenge: 200 Pure Logic Puzzles:

0 of 0 people found the following review helpful. Great puzzle book By 60187guy The Hidato puzzles are enjoyable and a fun way to pass the time. The book, itself, gets 5-stars. Be EXTREMELY careful when selecting a supplier to order from with this edition in the series in order to avoid a 1-star experience. 0 of 0 people found the following review helpful. light, fun puzzles to enjoy! By Dana Blouin these puzzles are logic puzzles, and very fun. the deduction skills

required are not the most complex, but they are still very fun. I think these puzzles would be great for young kids, as well as any puzzle lover looking for a break from your normal puzzles. Give them a try, you will have a blast. 0 of 0 people found the following review helpful. Excellent! By Mrs. Roper As good as the first Hidato book. Love these puzzles. Not as challenging as Sudoku but yet as entertaining. The bigger the logic puzzle the more variations can occur. Excellent puzzles.

Prepare to be addicted! Join the thousands who've discovered Hidato, the puzzle that's easy to learn, difficult to master. These puzzles are solved without guesswork or mathematics. Only careful thought and determination are required to solve these pure logic challenges. Featured in Japan's #1 puzzle magazine!

About the Author Dr. Gyora Benedek is a prominent computer scientist from Israel. In his spare time, he invents and develops games and logical puzzles, including the worldwide hits Lights Out, NimX, and iTop.
