**From Brand: Taschen : History of Men's Magazines (Dian Hanson's: The History of Men's Magazine) Vol.2** before purchasing it in order to gauge whether or not it would be worth my time, and all praised History of Men's Magazines (Dian Hanson's: The History of Men's Magazine) Vol.2:

1 of 1 people found the following review helpful. History of hot!!By DThis volume, like the first is an excellent addition to my library on the the history of sex in america. Not to mention the titilation of the photos. The only detractor was the format. Like the first it I'd done in three languages all at once and can be a bit confusing! Excellent read well worth the cost! dianefromcarroll@yahoo.com0 of 0 people found the following review helpful. Five StarsBy terry smithsurprized to get it new at a reasonable price0 of 0 people found the following review helpful. Five StarsBy dj punk rockThis series is awesome. This volume arrived as promised. Thank you.

Open your notebooks, sharpen your pencils, and get ready for a history lesson like none you've ever experienced. Yes, that's right: you're about to learn everything you could ever want to know about the world history of men's magazines -- not sports, not fashion, not hunting or fishing or how to build a birdhouse in ten easy steps, but those titillating periodicals embracing the subject dearest to all heterosexual men's hearts and other organs: the undraped female form. A twenty-five-year veteran of the genre, former men's magazine editor Dian Hanson traces its development from 1900 to 1980 in six massive and informative volumes. Volume II starts in the post-war period of the 1940s when the US surged ahead in magazine production while the rest of the world rebuilt and recovered, and ends in 1957 when censorship at last began to ease.
