the following review helpful. Fantastic Book. I'm In It!By Johnny HughesTexas Poker WisdomAnthony Holden is one of England's top writers in many genres. The superlatives about his writing are anywhere you look him up. He is the author of thirty-five books, and is the President now of the International Poker Federation. He has two best-selling, critically-praised poker books, Big Deal and Bigger Deal. One of the greatest honors I have had as a writer is that Mr. Holden included the actions of the main character in my novel in his strategy section, and praised my book. He is a very big wheel. I am not. If Anthony Holden wrote it, you should read it.

Holden is an experienced poker player who does not pretend to be as expert as the world's top pros; but he can write better than them - and he knows most well enough to milk them for personalized advice, tips and subtle strategies. HOLDEN ON HOLD'EM thoroughly analyses the difference between home and casino play, between cash and tournament play, between internet poker and the real thing against real human beings. Amid definitive charts and tables of odds, probabilities and other statistics, sample hands, advice on etiquette and other niceties, there will be sections on bluff, tells and the nuances of 'position' and 'outs', as well as a brief history of the game and anecdotes about its great players. This book can claim to be the first really readable manual in the history of poker! An entertaining, anecdote-packed and invaluable companion to the narrative poker classics BIG DEAL and BIGGER DEAL.
