You need a a lot of imagination to thinkvthis is a Navy SEAL team doing missions.0 of 0 people found the following review helpful. Four StarsBy 1969 camnLittle hard to figure out in the beginning.0 of 1 people found the following review helpful. Different and exciting gameBy VintageGraceWe bought this game for our two nephews. They loved the Navy connection and the fact that the game is a team game, meaning that you win or lose together. That's a nice twist to playing a game. They are also learning more about how many factors are involved in putting together a mission while playing the game.

You are a Navy Seal. You are trained to confront terrorists and insurgents. You're on a mission. You work as a dedicated team. Careful planning and precise timing improve your odds of success, but unforeseen events could jeopardize the mission. HOOYAH is a cooperative card game in which 1 to 4 players assume the roles of Navy SEALS trying to complete a real-life inspired Special Ops mission. You either win or lose as a group. To meet the rigorous requirements of the mission, you must collect all the Skills Equipment Cards required for each Op. All phases of the mission must be completed without the loss of life and before time runs out. Leave no man behind! Includes special instructions for Solitaire version.
