**Taneisha Denise Grace-LaGrant : Hope** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hope:

Charity has lost everything and is on the brink of taking her own liife when she gets a visit from two unlikely sources who help her determine her fate. Through some unexpected changes she realizes there is more to life than death. There is hope if she puts her trust in God, He will grant her everything she needs.
