Both my kids want to beat me at chess, but how are they going to do that without some openings and midgame combos? To be the book the title proclaims, this one needs to go farther in its explanation of strategy.0 of 0 people found the following review helpful. Five StarsBy P.nice0 of 0 people found the following review helpful. This is a great book for kids and adultsBy CustomerThis is a great book for kids and adults. Though, I recommend this to people who want to get serious with sport. Good Luck!

This is a chess book for everyone, from eight to eighty, beginner to master. In a clear, easy-to-follow format it explains how the best way to beat a stronger opponent (be it a friend, clubmate - or Dad!) is by cleverly forcing checkmate. Delightful and instructive positions from real games are used to show the 50 Deadly Checkmates that chess masters use to win their games. For the beginner, simply learning the checkmating ideas and enjoying the examples will help develop the tactical skills needed to carry out attacks, combinations and sacrifices. For the advanced player, many of these checkmating ideas will come as a revelation, having never been categorized before. Experts agree that pattern-recognition is vital to success in chess, and this book provides a wealth of valuable patterns. How to Beat Your Dad at Chess makes improving easy and fun, and is full of helpful explanations and practical advice on how to approach chess games with confidence - and success.

From the Publisher Gambit Publications specialises in chess and has an unrivalled reputation for originality and editorial excellence. The company is owned and staffed entirely by leading chess masters and grandmasters. About the Author Grandmaster Murray Chandler finished second in the World Cadet Championship in 1976, ahead of Garry Kasparov, whom he defeated in their individual game. He remains to this day one of the few players in the world with a 100% score against Kasparov. He was a key member of the England team that won the silver medals in Chess Olympiads three times during the 1980s, and went on to captain the team in 1994. He is proprietor and Editor-in-Chief of the British Chess Magazine and the author of several successful chess books.
