So, you probably shouldn't buy completely into the promise of the title. One other thing to keep in mind - this is not a book you just read, or a group of puzzles you just complete. Its really more of a workbook and it takes some commitment to really absorb the lessons. A few times, I caught myself just enjoying the puzzle and not really focusing on learning the tricks, tips, and traps. 1 of 1 people found the following review helpful. Crosswords explainedBy C.
