**William S. Root : How to Defend a Bridge Hand** before purchasing it in order to gauge whether or not it would be worth my time, and all praised How to Defend a Bridge Hand:

0 of 0 people found the following review helpful. ComprehensiveBy J. FornesThis is a very comprehensive treatment. If I were Bill Gates or Warren Buffet, I would probably understand and remember all its wisdom. I'm not, but I'm willing to settle for the 10% memory test and it will improve my game. Playing a defensive hand comprises 67% of my playing time, so I'll be returning to this text many times.0 of 0 people found the following review helpful. Five StarsBy Dale Shepherd in FloridaBest Book on Bridge Defense ever written!1 of 1 people found the following review helpful. Become a better defender at bridge.By Ernest G. MccrayThe author does a fine job of explaining the

reasoning behind defense. He teaches you to always think before you make a play. I have not finished the book and already my play has improved. I recommend the book to anyone who wants to become a better defender and a better player.

A complete work covering every angle of defending a bridge hand, by "America's number one bridge teacher."--Alfred Sheinwold, Los Angeles Times Syndicate. This is the first book on the 68-year history of the game to deal in a comprehensive, organized way with every aspect of this vital area.

From the Inside FlapA complete work covering every angle of defending a bridge hand, by "America's number one bridge teacher."--Alfred Sheinwold, Los Angeles Times Syndicate.
