Just not what I needed at the time- in time I'm sure I will find a use.

Geared for costuming dancers, this book includes more than 400 line drawings that demonstrate how to make a costume from a sketch rather than a pattern. Detailed instructions for making classical and romantic tutus, bodices, blouses, costumes for men, tights, leotards and skirts are presented, along with designs for character, national, and period costumes. Directions for headdresses, props, decorations, and ornaments are also included.

About the Author
