Pramod Shankar : How To Win At Gin Rummy: Playing for Fun and Profit before purchasing it in order to gauge whether or not it would be worth my time, and all praised How To Win At Gin Rummy: Playing for Fun and Profit:

0 of 0 people found the following review helpful. Five Stars By Customer Advanced tips guaranteed to make you a better player 12 of 13 people found the following review helpful. Disappointing By A Customer I bought this book, largely based on reviews I had seen on the internet. I was very excited about the "computer studies." I'm sorry to report that there are many elementary errors, and substandard probabilistic thinking, in this book. The author does present some useful information and some impressive looking charts. But when you delve into the actual material, it is flawed.

Starting almost on the first page, there are serious mistakes. And there are no computer simulations. No real data to back up (MHO) the author's somewhat dubious advice. I don't know what his (her?) Ph.D. is in, but I doubt it's in mathematics or game theory. 0 of 0 people found the following review helpful. ... as Sponsor prizes for The Gin Game play--all Sponsors loved the book By TruthfulGot these as Sponsor prizes for The Gin Game play--all Sponsors loved the book!

What makes gin rummy winners win? Since the game first emerged in North America nearly a century ago, players have had to rely solely on experience, instinct, and trial and error to faintly grasp the principle behind winning. Avid card player and mathematical analyst Pramod Shankar, PhD is the first to subject gin rummy to the kind of scientific scrutiny that long ago transformed the games of bridge and blackjack. He shares his discoveries in *How to Win at Gin Rummy*, an easy-to-understand, easy-to-implement guide that is virtually guaranteed to lift the level of anyone's game--and to increase winnings for money players. Readers will learn: How to analyze a gin hand Effective playing strategies and psychological ploys The ten Golden Rules of Rummy A simple, step-by-step approach to figuring out an opponent's hand The logic behind lucky streaks Useful odds and statistics And much more! With clear and comprehensible explanations of the basics of play for the beginner, and a wealth of more advanced playing strategies for experienced players, *How to Win at Gin rummy* will help readers win consistently--and win more money--especially against players who don't know the facts available exclusively in this book!
