Not as good as I had hoped!By BillI was hoping for some excellent wisdom for playing in the final hands of a holdem tournament, but was really disappointed. I basically got "play tight and let the others knock each other out" from the vast majority of this book. I am not arguing with the method or the success, but I was expecting so much more than what I got.

A must-have buy for readers who play tournament hold'em, America's hottest game.For players hungry to win hold'em and Omaha tournaments, the world's greatest tournament player gives specific advice on how to get to the final table where the big money is made-and then how to win it all! Players learn how to build up enough chips to make it to the final table and give themselves the best chance of winning the title, the trophy, and the money, using the same strategies that have taken T.J. Cloutier to the championship table of more tournaments than any player in the history of poker. Thirty-five chapters discuss key concepts: stack sizes, antes and blinds, table position, opponents styles, chip count of players, number of tables remaining, and tons of other concepts found nowhere else.

About the AuthorT.J. Cloutier has won 59 major tournament titles, more than any other player in the world, and includes 39 final table appearances at the World Series of Poker, also more than any other player in the world. Doyle Brunson calls T.J Cloutier "the premier tournament player in the world." Joseph Hachem, 2005 World Champion credits T.J.'s books with his victory.
