Albert H. Morehead, Geoffrey Mott-Smith : Hoyle's Rules of Games: Descriptions of Indoor Games of Skill and Chance with Advice on Skillful Play before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hoyle's Rules of Games: Descriptions of Indoor Games of Skill and Chance with Advice on Skillful Play:

0 of 0 people found the following review helpful. Such a good game under either name (can't remember the current one)  
By Sharon Guthrie We have an older version and I often refer to it to remind me of rules of games. Sometimes I have found that an older game such as one I played with the grandmother (Spite and Malice) now has a new name and is in box form which I have played with a granddaughter. Such a good game under either name (can't remember the current one, sorry)! When I played with my grandmother, all we needed was a couple decks of cards. Now it comes in a game box and, of course, there is a price tag on it. Still, it is reasonable and I highly recommend it for all ages. Our granddaughter was nine or ten when I introduced it to her and she picked up on it immediately. Note, she is a games enthusiastic.  
3 of 3 people found the following review helpful. Disappointed  
By Jeff Powell I wanted to teach my young son how to play several of my favorite card games. Unfortunately, several of them (mostly versions of rummy) weren't covered in this book. I guess some card games aren't as popular as they once were. I can't really recommend it, particularly the Kindle version (you can't get back to the table of contents from the text without going back to the beginning of the book.)  
2 of 2 people found the following review helpful. Good Reference but I expected better.  
By A. Rafe Nice overview of many games, but I expected something more comprehensive. Example: some Rummy games that I played years ago are not in here, or I can't find them. An index would be nice.

From the late-17th to the mid-18th century, Edmond Hoyle undertook the enormous task of codifying the rules of games. From this foundation comes Morehead and Mott-Smith's "Hoyle's Rules of Games", the basic players' reference since 1946. This guide has been expanded and updated to include rules, strategies and odds for over 250 games, from Scrabble to gin rummy, from backgammon to the most unusual versions of solitaire.
