**Peter Lindbergh : Images of Women** before purchasing it in order to gage whether or not it would be worth my time, and all praised Images of Women:

7 of 7 people found the following review helpful. BrilliantBy wiredweirdThis collection features some of the most dramatic portraiture I can remember - that cover picture (Berri Smither) being just one example. Page 45 features a handsome woman with strong features, an even gaze directly out of the page, and ambiguously seductive pose. Other images emphasize physical power, grace, androgyny, tribute to Josephine Baker, and many more thoughts, often in complex combinations. Fans of nude photography will find relatively few samples here, but it does explore a lot of the

gray area between clothed and not. The one thing this collection brings out most is variety - the different faces of beauty (within the twenty-something range, at least), the different roles women take on, and more. I recommend this to anyone who takes a thoughtful attitude toward women's beauty.-- wiredweird5 of 5 people found the following review helpful. One of the Greatest Fashion/Photo Books of All TimeBy Isaac TrumboMy kid brother bought this for me at a used bookstore in San Francisco when I first started shooting with a medium format camera. It's one of the best gifts I've ever received and a primary influence photographically. It's been out of print since '97 and used paperback copies have been going for way too much money. I've been carefully handling loose pages that have been peeling off destroyed binding because I still reference this book on a very regular basis. Lucky for you, it's finally been rereleased in hardback in conjunction with a museum exhibit of his work that goes by the same name. If you're a photographer, have any interest in visual art, or just love fashion, it's a must have. You'll thank me later!2 of 2 people found the following review helpful. Thankfully ReprintedBy Iacobus de arenosoOne of the most noteworthy fashion and editorial portrait photographers of the last thirty years most noteworthy books. I was so pleased to see it back in print after a long absence. FIVE STARS!

If you've ever doubted that the work of the greatest photographer transcends genre, one look at this evocative book of black and white photos by Peter Lindbergh will change your mind. The German-born Lindbergh is considered a fashion photographer, and almost every work in this large-format exhibition catalog was shot for a fashion magazine. Yet Lindbergh often finds a gentle surrealism reminiscent of Fellini; his landscapes echo with the footsteps of people unseen. Says Lindbergh, -Only if a person's soul appears in the photo do I as the photographer feel I have achieved what I wanted. With an outstanding essay by Klaus Honnef.

From the Publisher Now available in paperback--from the world's foremost photographer of women comes this splendid celebration of female form and mystique--a massive collection that spans 300 pages and covers every aspect of Peter Lindbergh's impressive body of work. Nearly every beautiful woman of the past two decades has posed for Peter Lindbergh, from supermodels to movie stars. This splendid monograph represents the definitive collection of Lindbergh's considerable oeuvre: classic fashion photographs, arresting candid shots, portraits of female celebrities--including Madonna, Isabella Rossellini, Sharon Stone, Catherine Deneuve, Charlotte Rampling, Darryl Hannah--and of course his signature shots of the world's supermodels. About the Author Peter Lindbergh was born in Germany and today lives in Paris and New York. He has created images for Commes des Garçons and run successful advertising campaigns for such designers as Giorgio Armani, Jil Sander, Calvin Klein, Karl Lagerfeld, and Donna Karan. In addition he has directed a music video for Tina Turner. Lindbergh has been on the staff of Harper's Bazaar, and is currently at Vogue.
