**Becky Stephen : India - Culture Smart!: The Essential Guide to Customs Culture** before purchasing it in order to gage whether or not it would be worth my time, and all praised India - Culture Smart!: The Essential Guide to Customs Culture:

0 of 0 people found the following review helpful. Three stars, but....By J. R. DeanShort, sharp, well-written competent. Haven't applied it yet in place, but look forward to doing so. One major criticism: visuals herein are poorly used (they tend to decorate rather than genuinely illustrate; a fault that could be corrected in a subsequent edition). This book is

not fluff, but rather a substantive guide.0 of 0 people found the following review helpful. Great Book - great info!  
Recommend!By HGGreat book- easy to read... stays focused.. very helpful information provided! Highly  
Recommend!1 of 1 people found the following review helpful. InsightfulBy Deborah S.Well written and  
interesting,useful insight for my trip. Helping me know what to expect and question as we travel.

Indias population of 1.2 billion is as varied and colorful as the spice markets of Old Delhi. Each region, caste, and community has its own culture, reflecting unique histories shaped by conquest, creativity, and religion, expressed in distinct languages, social customs, art forms, and expectations of life. Despite enormous recent political and economic change, in many ways India remains the same a total sensory experience. The chaos and beauty of color and sound, the language shifts every ten miles, the household variations of spicy and sharp, sweet and sour, the insistent smells of everyday life lived very much in public, and the invasion of personal space will challenge the most experienced traveler. But it is in surrendering to your senses that you begin to embrace the essence of India and to understand its people. Indians live with paradox. Proud traditions and patriotism commingle with tensions and prejudices rooted in age-old rivalries. Ancient temples may be plastered with signs advertising the latest technologies. The rapid urbanization of the last century has given rise to burgeoning slums and an affluent middle class that was nonexistent a few decades ago. Steeped in tradition, exceptionally fatalistic, and intensely passionate about their culture, the Indians are an ingenious, adventurous, and creative people. Show interest in their country and most will respond with genuine warmth and friendship. But they also have indelible ties to family and community that form boundaries and determine decisions that may not always seem reasonable, or sometimes even ethical, to outsiders. Culture Smart! India will make you aware of basic values and behavioral norms, show you how to navigate cultural differences and connect with real people, and offer invaluable insights into this great, endlessly fascinating land.

"Culture Smart! has come to the rescue of hapless travelers." Sunday Times Travel
