Lar Hothem : Indian Trade Relics: Identification Values before purchasing it in order to gage whether or not it would be worth my time, and all praised Indian Trade Relics: Identification Values:

1 of 1 people found the following review helpful. This book is a very good read with colored pictures and will help anyone in ...By Happy shopperThis book is a very good read with colored pictures and will help anyone in the identification of trade era relics and there is a detailed, very informational description to each of the photographs inside.This book will provide anyone who reads it with a better understanding of native american trade era relics and the history that relates to them0 of 0 people found the following review helpful. standard high quality trade bookBy Timothy D. Kelleystandard book for this kind of thing. very good.0 of 0 people found the following review helpful. Wide in scope, for sure!By WallerishIn fact, perhaps TOO wide, although that's not a fair criticism for a book of this nature. I just say that because it seems to cover everything and very little in depth. Regard it as a "survey course" with lots of pretty (and useful) pictures.

Over 1,150 color photos of actual artifacts hundreds of years old, each with accurate and detailed captions. Subjects include glass beads, cloth, ornaments, knives, firearms, traps, and axes. The A. H. Gottschall collection has its own chapter. There are also gunflints, arrowheads, tomahawks, kettles, and miscellaneous tradegoods. Highly interesting facts and incidents about early traders and their times are mentioned, and photos and information have been contributed both from top collectors and specialized museums and auctions. 2005 values.

Emphasizing what was traded long ago, what exists today, and what can still be collected, this book is an introduction to the subject of historic trade goods, from glass beads, cloth, and ornaments, to knives, firearms, and tomahawks. - Larry Dickens
About the Author
Lar Hothem was a well-known expert in the field of Indian arrowheads and artifacts. His popular series, Indian Artifacts of the Midwest series has now added its 5th volume. His other titles include Indian Axes Related Stone Artifacts, Indian Pipes, Arrowheads Projectile Points, and Indian Trade Relics. Lar passed away in 2006.
