MinarcikWhen you are in the deepest stages of a 20-year crossword addiction, the easy stuff, well, you just can't do it anymore. My greatest fear is that, because I have solved ALL of the tuffest tuffest tuffest books, including Blazing and Sizzling, there just wont be anything left.INFERNALLY is simply the very most challenging and joyfully sadistic book in history. You need to take a nap after each one. The 45-puzzle book will last you 45 days, at least....and then, like me, you may wander the streets aimlessly in the middle of the night worrying if there will be life after the death this one will give you! In ten more days, I will be in this very sad state.Kindly,Popeye1 of 1 people found the following review helpful. Previously available by subscriptionBy T. ScheelFor people who subscribed to Gordon's Fireball Crosswords in 2012, these will be repeats. The fact that these have been available before should be noted in the description. I looked but could not find that information. Puzzles are printed on good paper, which I appreciate.0 of 0 people found the following review

helpful. Five StarsBy ShazziI love these hard crossword puzzle books. Spiral bound, big enough format, and takes longer to solve. Perfect.

For masochistic solvers who like their puzzles tough, these 45 fiendishly hard crosswords will hurt so good! Brilliantly executed, with devilishly difficult and clever clues, they're made for the aficionado of the Friday and Saturday offerings from places like the New York Times. Many puzzles have wickedly challenging themes or larger grids, and there are even explanations for the trickiest clues so you won't have to tear your hair out!
