Jane P. Resnick : International Connoisseur's Guide to Cigars: The Art of Selecting and Smoking (Essential Connoisseur) before purchasing it in order to gage whether or not it would be worth my time, and all praised International Connoisseur's Guide to Cigars: The Art of Selecting and Smoking (Essential Connoisseur):

0 of 0 people found the following review helpful. Four StarsBy SMCNice.0 of 0 people found the following review helpful. Good for what it coveredBy Galen McPhersonI appreciated the coverage that was provided for what seemed to be a fairly limited selection of labels/producers. With an annual subscription to a leading cigar magazine, one could receive deeper and wider coverage of the cigar market on an on-going basis. I was contrasting my appreciation for the cigar book with a recent book covering Scotch that I had also received, and the cigar book was a distant second.0 of 0 people found the following review helpful. Five StarsBy KenGood cigar book

Here is the most convenient, expert and well-priced guide you'll find to tell you what cigars are available, how and where you can get them, and what the qualities are of each brand and variety. Like fine wines, exquisite cheeses, or the best caviars, a good cigar is something to be savored and appreciated with unabashed self-indulgence. Learn everything you have to know about the size, texture, age, and taste of cigars produced in America, the Caribbean, South America, Europe, Africa, Asia, and Australia. 200 cigar brands are itemized, described, analyzed, and assayed; 80 of them are photographed. The history of cigars is included, and a special section of profiles of famous cigar smokers--from Winston Churchill to Fidel Castro, from Groucho Marx to Lauren Hutton, from Jack Kennedy to Arnold Schwarzenegger--reveals their likes and dislikes.

.com We have witnessed a reemergence of cigar culture--everyone is doing it, in popular movies, TV, and in the many cigar-friendly clubs which have sprung up. The International Connoisseur's Guide to Cigars is an authoritative guide to fine cigars from around the world. If you don't know a Cuban from a Swisher Sweet, this book will end that confusion! Over 100 full color photographs, fascinating cigar facts, and amusing anecdotes make this a "smoking" book! --Naomi Gesinger
